Bridgewater Primary

Dear parents and carers,

We hope that you have all had an enjoyable half term break and are looking forward to our fourth half term in year 2. We wanted to update you on some key dates and events that will be taking place this half term.

In maths, we will be continuing to follow the Herts for Learning programme. We will be completing various number and measures units. We will be supporting the children to approach their learning and recording in a systematic way. We will also be continuing to apply our reasoning skills to open ended questions and challenges. We will continue to learn and consolidate the x2, x5 and x10 tables and the inverse division facts. Homework this half term will focus on x5.

In English, we will be completing several narrative units. We will be working hard on handwriting, high frequency word spelling and the application of phonics when spelling. We will also be using noun phrases, extended noun phrases, varied sentence starters, adverbs, conjunctions and exclamation marks in our writing. We are also learning to join our handwriting.

In geography, we will be learning about weather. We will be finding out how weather is measured and what causes different weather. In science, we will be continuing to learn about materials and their properties.

Please can the children continue to bring their reading books and reading record books into school each day. Please continue to make a comment and initial in your child's reading record book each time you hear them read.
