Dear Parents / Carers,

‘Team Bridgewater’

Each year, we love to celebrate the diversity of Team Bridgewater and create a display in the school which represents all the families who are part of our wonderful community. Therefore, we are asking families to complete a summer project...

The idea is that each family creates a mood board which represents you as a family - this could include culture, religion, family set-up, family food, background and heritage, traditions and / or anything else that makes your family you and unique!

We would like this presented on paper/card so it can be displayed in the hall, as opposed to an electronic presentation, but beyond that it is up to you! It can include photos / drawings / text... whatever you fancy!

Obviously this is not a compulsory task, but we would love for as many families as possible to represent themselves.

If you do choose to complete this summer holiday project, please bring your completed and named work to Mrs Alexander in the first full week back (week beginning Monday 7th September).

Thank you in advance - I can’t wait to see what amazing work you will produce!

Yours sincerely

Mrs Alexander

P.S. See right for Mrs Bettridge’s mock-up!
