Years 3-6 - Walking route via the rear of the field – Fridays from 9th May

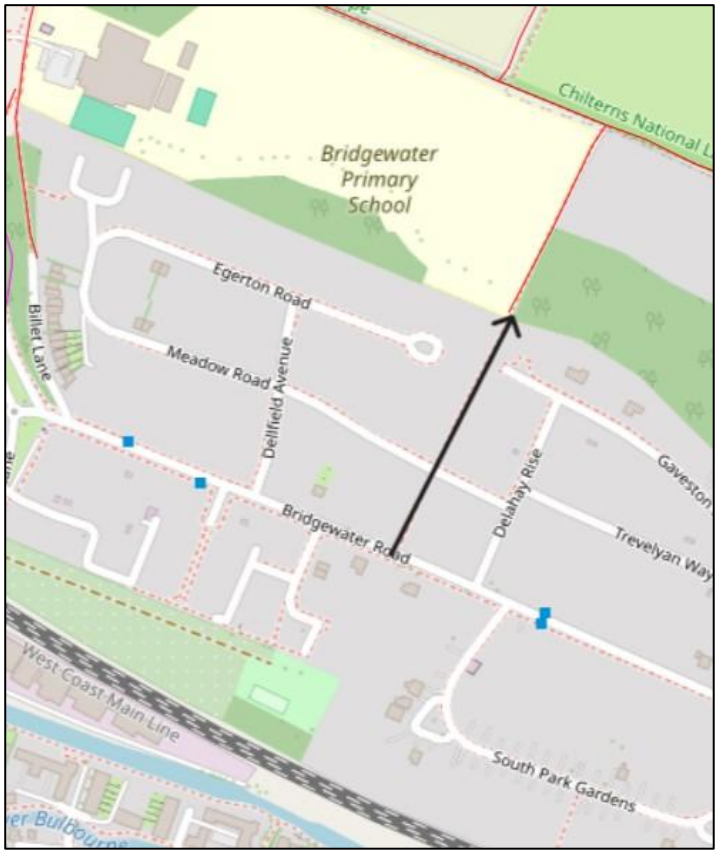

Dear Parents and Carers,

We would like to start to use the rear gate on Friday mornings for children in KS2. We will start on this Friday 9th May.

I will open the gate at 8.15am and close it again at 8.30am. The children from Years 3-6 can walk into school independently across the field to their classrooms.

At present, we can't offer it for younger children due to the building works at the front of the school. We are working on a solution going forward to enable younger children and parents to use this gate too.

The gate is accessible via a footpath that runs from Bridgewater Road, crosses Meadow Road and onto the corner of the school field. The route is marked by the black arrow on the map.

We would like to extend this to other days of the week, but will need some regular support from parent volunteers to make this possible. If you would like to support this initiative by opening and locking the gate and supervising the children coming in, please contact Rachel.skelding@bridgewater.herts.sch.uk All regular volunteers will need to have a DBS check, which can be arranged by the office staff.

Thank you for your support in helping us achieve our sustainable travel goals.

Yours sincerely,
Andrea Bettridge
Headteacher
