Dear Parents and Carers,

Parents/carers are **not** allowed to drive into the car park between the hours of 0745 and 1630.

Despite several reminders, we are still finding that parents/carers are driving into the cark park at these times, e.g. when dropping off to Rialize in the morning, or collecting their child from an extra-curricular club such as choir.

In exceptional circumstances we can issue a temporary / long term permit to allow parents to use the car park. Please contact the office in advance, if there is a genuine reason for needing to drive into the car park.

This rule is in place for the safety of children on site.

Thank you,

Bridgewater School
